

### **Passport**

Before flying make sure to check that your passport has plenty of time before it expires. Your passport will need to be valid for at least 90 days following your departure from Croatia. However, we always recommend leaving with at least 6 months validity on your passport. Check to see if your passport is valid for European travel, here: <a href="https://www.gov.uk/check-a-passport-for-travel-to-europe">https://www.gov.uk/check-a-passport-for-travel-to-europe</a>

#### Visa

It is important to check before your holiday whether you need a Visa to fly to your chosen destination.

**Citizens of the UK and other EU countries** can stay for up to 90 days without a Visa. Most destinations, including Croatia, require that you have enough blank Visa pages in your passport, allowing for any necessary stamps upon arrival and departure. We advise leaving at least two pages free before any international travel.

**In the event of Brexit** UK citizens will still be able to stay for up to 90 days without a visa. For more information regarding European travel, follow this link: <a href="https://www.gov.uk/visit-europe-brexit">https://www.gov.uk/visit-europe-brexit</a>

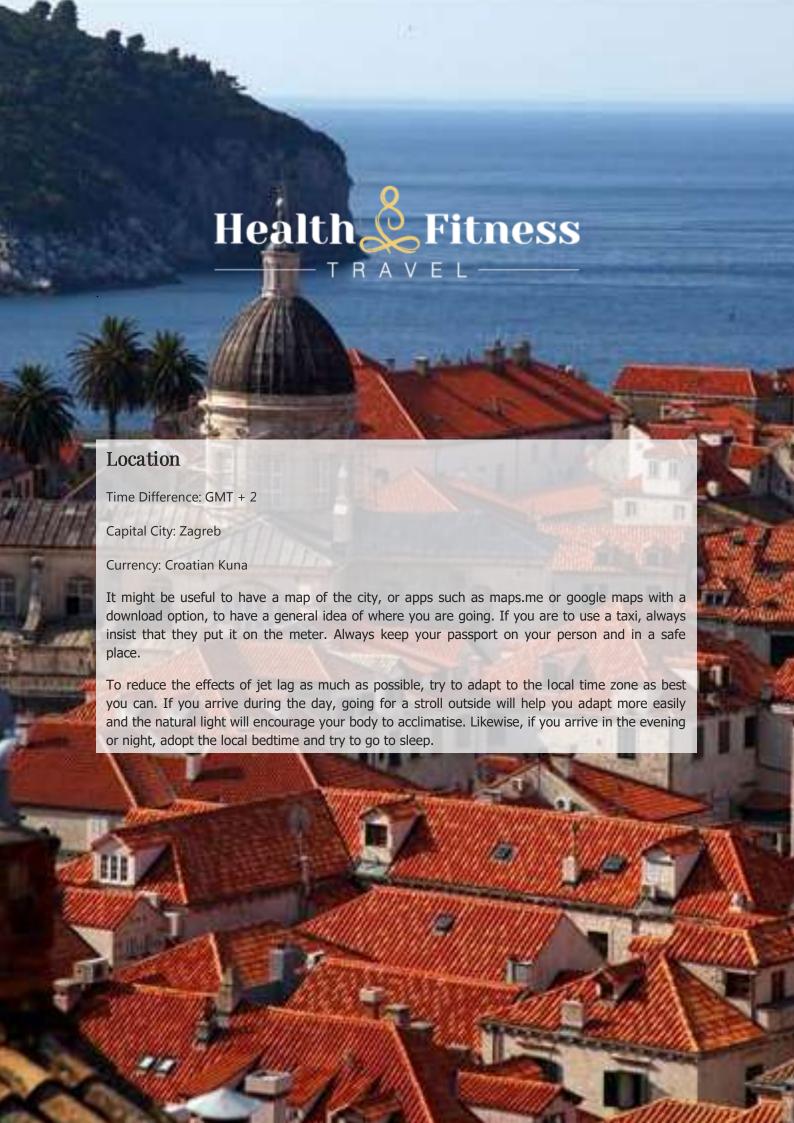

Citizens of other nationalities can check their visa requirements here: <a href="http://www.visahq.com/">http://www.visahq.com/</a>

## **Flights**

**From the UK:** please check your travel documentation for your flight details. You will need your flight, booking and transfer vouchers and passport with you. Flights to Croatia from the UK usually take around 2 hours 40 minutes. The typical baggage allowance is between 20 - 23 kilograms for economy but we advise that you check with your airline's direct website to verify this, as these can change without notice.

**From other countries:** please enquire for more details.

We also recommend that you keep moving about during the flight to relieve cramped muscles and ensure you arrive feeling healthy. Walking up and down the aisle when the seatbelt sign is off and flexing and stretching your legs when sitting will encourage blood flow around the body and limber up swollen ankles or feet. Here are some tips to stay healthy whilst travelling and on long haul flights.

## Airport

You will be flying into **Dubrovnik (DBV)** or **Zagreb (ZAG)** Airport in Croatia. After going through passport control and collecting your luggage, you will then need to make your way to your transfer meeting place, details of which can be found on your transfer or booking voucher.

Porters offering to carry your bags will expect a tip. If this is something you do not want, just politely (and firmly if necessary) say no.

### **Travel Insurance**

We recommend using an insurance comparison website to ensure you get the right product and a competitive quote. It is worth considering annual multi-trip insurance if you are going to make several trips a year.

It is also important to consider repatriation insurance in the off chance that you suffer illness or injury and need help to be brought back to your home country.

### Health and Vaccinations

Your immunisation requirements will depend on your general health, destination travelled to and activities whilst there. We advise that you consult with your GP and/or book a specialist travel consultation at least two months before your trip.

Information on immunisation, medication and other health risks can be found at: <a href="https://www.fitfortravel.nhs.uk/destinations/europe-russia/croatia">https://www.fitfortravel.nhs.uk/destinations/europe-russia/croatia</a>

If you're visiting Croatia you should get a free <u>European Health Insurance Card (EHIC)</u> before leaving the UK. The EHIC isn't a substitute for medical and travel insurance, but it entitles you to state provided medical treatment that may become necessary during your trip. Any treatment provided is on the same terms as Croatian nationals. The EHIC won't cover medical repatriation, ongoing medical treatment or non-urgent treatment, so you should make sure you have adequate travel insurance and accessible funds to cover the cost of any medical treatment and repatriation.
